Inmarsat BGAN M2M Service

BGAN M2M plans use the Inmarsat geostationary earth orbit satellite network together with compatible Inmarsat BGAN M2M terminals. Design9 can supply the following terminals, suitable for this service : Cobham Explorer 323, Cobham Explorer 540 (dual-mode available) Cobham Explorer 510, Hughes 9502

An Inmarsat BGAN Sim card is included with all BGAN or BGAN M2M terminals purchased directly from Design9, or the sim card can be purchased for AUD\$28.00 to use in your existing compatible terminal.

Plan Details

You may upgrade your plan during the contract plan however you cannot downgrade. At the end of the contract term, you can upgrade or downgrade.

Individual sims can be suspended during the contract term, however subscription fees are still applicable.

Suspending a sim can temporarily control data to prevent excess charges. Alerts and suspend setpoints are available to prevent bill shock. Design9 may set alerts and suspend setpoints to a default level if none are specified. Custom alerts can be set by emailing support@design9.com.au

Unused allowances cannot be carried forward or refunded.

SMS messages are limited to 160 characters.

VPN Private Networks

Set up Fee \$588 / monthly fee per network \$59

Terms & Conditions

Design9 BGAN M2M plans use the Inmarsat Mobile Satellite Network. Satellite reception limitations and some exclusion zones apply.

Data is billed in 1kB increments. 1 Megabyte (MB) = 1,024 Kilobytes (KB)

All plans automatically renew after expiration on a month-by-month basis. 7 days notice is required before the end of month to deactivate and end the subscription.

Prices quoted are in USD excluding GST and are subject to change. You will receive an invoice monthly by email from Design9, including an airtime summary outlining individual subscriptions and usage. You can choose to opt-in for more detailed summaries if required at any time by emailing accounts@design9.com.au

Plans can be upgraded at any time but will only take effect on the next billing cycle and minimum term will be reset.

You can manage your data usage of the service to control your costs via the Voltron Online Portal.

A compatible BGAN M2M device is required to access the Inmarsat BGAN service. Please contact sales@design9.com.au for more information or visit <http://www.design9.com.au/wp1/m2m-terminals/>

Pro-rata rates are applicable, charges are calculated from the actual date of service connection to the last day of the month.

Design9 plans are available to credit approved customers only. Prices are subject to change.
